Quotation

Date : 09/01/2012

Quote no: 2012_4957_0
(please state in your order)

Company : IST

For the attention of : M. CORREIA

Dear Mr Correia,

Please see following our quotation, relating to price and lead-time, for the following PCB manufacture under condition of PCB data review :

PCB reference no : **ATCA-CARRIER-PCle-SW v3_2**

Technical characteristics:

Pcb delivered dimension 325 x 281 mm.

Multilayer 16 layers, stackup imposed, material Fr4Htg, thickness : 2,5mm +/-10%, external copper base 18µm, internal copper base 18µm, 1 lamination, 1 drilling, solder mask 2 sides, silk screen 2 sides, trace and gap mini 150µm, no impedance control.

Finishing : ENIG.

RoHS(4) YES Electrical Test (2) : YES IPC A 600 Level : EN9100 : NO

Prices and leadtime :

Quantity	7	7							
Leadtime(1) (working days)	7	12							
Unit Price (euro)	1078	743							

Stéphanie FOSSE

02 33 73 01 00

Tooling :

Tooling sharing : New
Tooling Electrical test : New

Shipping charges : By UPS : 210€ // By Calberson : 120€

Observations :

Specific conditions :

Payment terms : Credit transfert at invoice receipt
Prices are valid for 2 months from date of quotation
We require the files and Purchase Order before 8am CET on the first working day

CIBEL's terms and condition of sale apply, and are available from the following website:

http://www.cibel.com/upload/CGVE_CIBEL.pdf

1 The leadtime stated is regarded as firm and contractual for the period of one calendar week from the date of quotation and takes into account CIBEL's normal production capacity. In the case where CIBEL experiences an exceptional increase in production, the leadtime is no longer valid at the time the Purchase Order (PO) is placed; in such a case CIBEL will issue a new leadtime for acceptance

2 If no electrical test is undertaken, at the clients request, the client exonerates CIBEL of all obligations and responsibilities concerning the guarantee.

3 For chargeable, additional service options, regardless of the PO value : Inform CIBEL of the requirement at least 48 hours ahead of the scheduled delivery date, and indicate the option chosen on the PO. These options may only be valid for some destinations. Please contact CIBEL for additional information.

4 The European directive 2002/95/CE enforces, from 1st July 2006, the usage of unleaded finishes. Unless exempt, it is necessary to chose a finish which conforms to the directive (Nickel, Gold, Silver, Tin, Passivation...).

Nota : Without any information on the future usage of the printed circuit boards, the direct and end customer abandons attempt to CIBEL concerning harms and damages that happen after the final system integration , including the printed circuit boards used in equipments for safety of goods and people , and for aviation, aerospace, automotive, and maritime traffics.
